DETAILED ACTION

Claims 1-16 are presented for examination.

Drawings

The drawings are objected to because they are handwritten and not in legal format.

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they include the following reference character(s) not mentioned in the description:

- Reference characters 18, 22, 23, and 24 in Figures 1, 2, and 3 are not mentioned in the description.
- Reference characters 131 and 132 in Figure 6 are not mentioned in the description.

Corrected drawing sheets in compliance with 37 CFR 1.121(d), or amendment to the specification to add the reference character(s) in the description in compliance with 37 CFR 1.121(b) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement-drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the examiner does not accept the changes, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter that the applicant regards as his invention.

Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "said device " in line 7 of claim 1. There is insufficient antecedent basis for this limitation in the claim.

Claim 4 recites the limitation "a second relay" in line 6 of claim 4. It is unclear whether this is intended to be the same as or different from the "second relay" in line 3 of the respective claim.

Any claims not specifically addressed above are being rejected as incorporating the deficiencies of a claim upon which it depends.

Allowable Subject Matter

Claims 1-6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 7-16 are allowed.
